

## **NEBOSH International General Certificate** *Dubai, United Arab Emirates*

### **OBJECTIVES**

The NEBOSH International General Certificate provides an excellent foundation in occupational safety and health, helping those who study it manage risk more effectively. The NEBOSH International Certificate is based on international standards and is suitable for people in any industry sector, anywhere in the world. It is ideal for:

- Managers, supervisors, employee representatives.
- Those looking to start a career in health and safety.

You can study the NEBOSH International Certificate by attending a classroom or blended learning course in Bahrain, Dubai or London, or by e-learning with unlimited help and support from our expert NEBOSH trainers - a great option for those who need to fit studying around other commitments. Our blended learning course allows you to study the course by e-learning and then attend a two-day classroom workshop which provides intensive trainer-led revision before you sit your exam.

The NEBOSH International Certificate is widely respected by employers worldwide; it meets the requirements for Technician Membership of IOSH and Associate Membership of IIRSM.

The NEBOSH International General Certificate also provides the perfect grounding for progression onto the NEBOSH International Diploma.

### **WORKSHOP DETAILS**

- Fees: AED 4,400 (BC), AED 4,000 (EL).

## COURSE CONTENT

The NEBOSH International General Certificate course is split into three units of study, each of which is assessed separately:

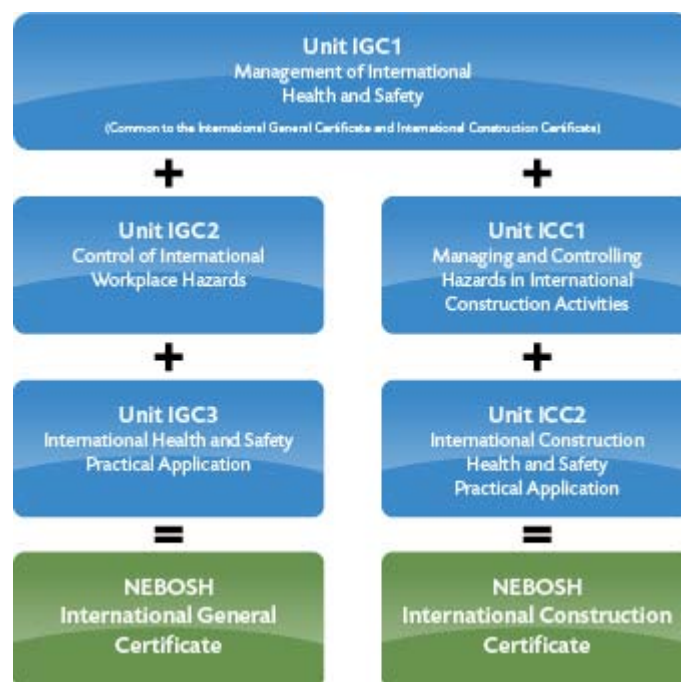

- Unit IGC1: Management of International Health and Safety
  - Foundations in Health and Safety
  - Policy
  - Organising for Health and Safety
  - Promoting a Positive Health and Safety Culture
  - Risk Assessment
  - Principles of Control
  - Monitoring, Review and Audit
  - Occupational Incident and Accident Investigation, Recording and Reporting
- Unit IGC2: Control of International Workplace Hazards
  - Movement of People and Vehicles
  - Manual and Mechanical Handling
  - Work Equipment
  - Electrical
  - Fire
  - Chemical and Biological Health
  - Physical and Psychological Health
  - Construction Activities
- Unit IGC3: Workplace-Based Practical Assessment

You must complete all units within 5 years to achieve the full NEBOSH International General Certificate qualification.

## EXEMPTIONS

GC1 is the core unit for all of the NEBOSH International Health and Safety Certificates, so to gain a NEBOSH International Certificate you need to study IGC1 along with the relevant specialist unit and practical assessment.

If you have been awarded a NEBOSH International Certificate in the last 5 years and wish to take another, you will be exempt from IGC1 and can simply 'top up' with the specialist unit and practical assessment to achieve the new award.

## ASSESSMENT

Units IGC1 and IGC2 of the NEBOSH International Certificate are each assessed by one two-hour written examination. Unit IGC3 is assessed by a two-hour practical assessment carried out in your workplace.

All of our courses contain plenty of exam practice to ensure you are fully prepared for the exam. Many of our trainers are also NEBOSH examiners, so they're well placed to provide advice and guidance throughout your course.
