

# CRIME PREVENTION & SECURITY DESIGN

25-29 June 2012

£2490\* *plus VAT*  
Includes 5 nights full board  
accommodation

Location: Thames Valley, UK

This five-day course provides an in-depth study of the theories of criminal motivation and behaviour, and the strategies that can be employed to reduce crime in commercial organisations, especially those strategies which can be practically implemented by the careful design of security measures. It is designed to provide business security specialists with the knowledge and confidence necessary to manage a successful business crime prevention operation. The course takes the form of lectures, workshops, discussions and exercises, during which delegates, syndicated into groups, will have the opportunity to solve typical security problems.

## CONTENT

**Theories of Criminal Motivation**  
**Adversary Path Analysis**  
**An Introduction to Risk Analysis through Research**  
**Crime Prevention Theory and Practice**  
**Creating Effective Physical Security**
